BRAZZERS

SINFUL: Are you currently promoting anything? Any big scenes coming up?

LELA STAR: Right now, I'm working on a lot of super exciting things with Brazzers as well as my own brand. Brazzers House is something I'm really excited about! It should be fun and a challenge at the same time. I'm so happy to be back in the industry working with the best company. I'm truly blessed.

For my own brand I just came out with merchandise that can be found on my website, LelaStarOfficial which I'm very proud of. I think you can expect some virtual reality in the near future. Sssssshhhhhh it's a secret though.

SINFUL: What are some of the big Brazzers/Reality Kings films you've been in that you're most proud of?

LELA STAR: My first scene back "Lela Commissions a Cock" just came out for Brazzers and I had so much fun filming it.

On Reality Kings I just shot a threesome with Gina Valentina.

SINFUL: What's the most SINFUL thing you've ever done in your private life, sexually speaking?

LELA STAR: As I get older I get even more sexual and aware of what I like. Lately I've been enjoying random public sex. Something recent that comes to mind is fucking in the car in my building's garage. He filled me up with cum when he finished, and I just pulled my yoga pants back on and went about my day.

LELA STAR: People would be surprised to know I live a very healthy lifestyle. I work out every day. I eat a vegan diet. I meditate and read, and I collect crystals. Holistic Lela. [LAUGHS] I don't even drink.

SINFUL: Before doing porn did you cam, model, dance or do anything adult-related?

LELA STAR: Nothing adult-related which I find funny. I was a manager at [a supermarket]. I just decided one day after watching a porn that I was going to move to Cali and become a porn star.

SINFUL: When did you realize that porn was something you wanted to do and why was porn something you wanted to do?
LELA STAR: It just seemed interesting to me. I loved sex and modeling, so I figured porn was the best of both worlds.

SINFUL: What makes a guy a good fuck?
LELA STAR: For me it's passion, lots of kissing, slow grinding. Also, chemistry.

SINFUL: What makes a girl a good fuck?
LELA STAR: With girls it's all about how into it she is and her oral skills.

SINFUL: How does a male/female performer get on your 'yes list'?
LELA STAR: Have good chemistry and fuck me the way I like and leave me alone when I'm in the makeup chair getting ready. I'm not into small talk really.

SINFUL: What's your sexual specialty?
LELA STAR: It used to be my blowjobs but my dirty talk has gotten better - so now I think it's dirty talk, then blowjobs.

SINFUL: Do you have any fetishes?

Amirah Adara Gets DP'd By Prince Yashua & Jax Slayer

Amirah Adara is a true Euro black cock slut! Having shot multiple scenes for Dogfart, it's rare you see Amirah with just one dick. So when the Dogfart crew landed in Europe, the only sight director Billy Watson wanted to see was Amirah getting her ass and pussy filled to the brim with big black cock.

They sent two of our biggest, most bad-ass studs -- Prince Yashua and Jax Slayer -- over to the "Porn Valley" of Europe, Budapest! In our initial episode, who's waiting for our crew? One of Europe's biggest porn stars, Amirah Adara! Amirah knows all the hottest sluts in Europe, and with her help, Prince and Jax are gonna fuck their was through the trip! There's only one problem: after spending almost 20 hours traveling, our studs are experiencing a serious spell of jet lag. No worries though! Amirah knows exactly how to snap them out of their travel woes...but offering up all three of her sweet, sweet holes! Once Prince and Jax have had their way with Amirah, she's going to set up a bevy of Euro-babes for them to bang! Off we go to Eastern Europe!!

"Fuck man, I wish we could shoot her every week!" said a Dogfart rep, "Amirah is the ultimate performer."

Lindsey Leigh Reveals Top Tips for Selling Used Underwear

Cam star Lindsey Leigh explores the delicate art of selling used underwear and lingerie online to create extra cash revenue through an active fan base, and explains how to enhance sales techniques for long-term success.

“Selling personal items that smell like you is a nice touch for fans to feel closer to you, but there is a method to it in order to make it worthwhile,” says Leigh. “It’s a competitive market and sales will depend on your fan base, but there are ways to maximize your net profits.

Leigh advises to sell a minimum of four items a week at around $20 a pop, ship from home, add a detailed description, clear photos and video showing the item’s authenticity, and “customize your packaging with tissue paper, thank you cards, flyers and swag… that something ‘extra’ to encourage repeat business.

“Most of my sales are simple… ’I wore these today on cam. They have juices in them and as you can imagine has taken bathroom trips with me. Aside from the taste and smell factor, they were on my pussy lips!’”
says Lindsey Leigh.

Jennifer White Takes One for the Cream

“There’s something kind of extra dirty about sucking off the director until he cums on your face,” Jennifer White said. “It’s kind of like an audition and you want to do your very best hoping you’ll get the role. I know deep inside that it’s the real thing, that we’re doing the scene, but there’s also kind of a casting couch perversion to it in my mind and I like that added later of dirtiness. I was so happy when he finished off on my face, I felt like I had made him happy and done my job just right.”

In this oral adventure, Jennifer White takes on the enviable cock belonging to director Kevin Moore and services it as only she can. She swallows and sucks, deep throats and teases like only a girl with more than 500 credits to her name can do. And, oh, can she do it! Moore takes as much as he can from the dark-haired love machine and somehow holds out for 23 minutes before covering her face in his whitewash.

The brunette stunner gets her faced doused with cum in Mile High Xtreme’s ‘MILF Facials 3’ and it makes the already-fabulous Jen look even more awesome than she normally does. And while it may come natural to her, she does have to work for this special appearance.

SINFUL: Can you describe your very first-time camming? Were you nervous or excited?
IBIZALUCI: I started camming with my boyfriend at the time doing couples shows on Streamate. We were very nervous but our first private was an hour long exclusive session, cam-to-cam with another couple. It was really exciting for us to watch them and be watched. The fact that it was another couple giving us a show as much as we were giving them a performance definitely made it much easier to take the plunge.

SINFUL: Were you shy before you started camming? Did camming help you get out of your shell and are you more confident and comfortable with your body as a result of camming?
IBIZALUCI: I have always felt good being naked with no shame of my body. I posed naked for a photographer as a student, I became a nudist when I lived in Ibiza, and I did a project with Playboy TV, after which I decided to start camming.
So, I guess you can say I'm a born exhibitionist. [LAUGHS]

SINFUL: Does anyone (family, friends) know you cam? How do they feel about it or do you keep camming private?
IBIZALUCI: I keep my camming activities private for friends and family. I don't want them to watch me, that would be awkward. But my parents wouldn't be surprised, and I wouldn't really mind if they found out in the end.

SINFUL: Is it good money? How can you make a good living or at least make a good supplemental income from camming?
IBIZALUCI: For me it took time to earn a good income from camming. In fact, I started making a good living now because I combine various projects like camming on various sites, content creating, Snapchat and modeling.

SINFUL: In your opinion, what does it take to become a successful cam girl? How can a girl develop a large following, a high ranking on a cam site, make good money, etc.?
IBIZALUCI: Be authentic, brand yourself, be consistent and if you genuinely love what you do there is really a big chance that you will be successful.

SINFUL: What do you have that makes you standout, unique from other cam girls?
IBIZALUCI: I think my best qualities in this area are a Brazilian joy of living, my absolute open-mindedness, adventurous spirit, a good understanding of marketing and the ability to understand people and improvise quickly from there.
And perhaps the combination of all that might be what the answer is to this question.

SINFUL: What is the best and worst thing about camming?
IBIZALUCI: The best for me is that I absolutely love what I do for a living and I want to keep on doing this for as longs as I can. The worst is that we are increasingly under attack by movements—especially in the US—who don't even care to listen to us first.

SINFUL: What makes a good cam room follower?
IBIZALUCI: Being respectful, cheerful, supportive and fun.

SINFUL: Have you ever been nominated for any cam awards? What would be the ultimate award you'd want to win for being a cam girl?
IBIZALUCI: This year I won the Manyvids Booty Of the Year Award! As a Brazilian I am very happy with this prize. We take "booty" very seriously in Brazil. [LAUGHS]

SINFUL: What are your long-term goals with camming?
IBIZALUCI: I want to keep on camming and continue doing my other related projects like content creating, Snapchat, modeling, etc. for as long as I can. From all the jobs that I ever had this is by far the one that I enjoy the most.

LONDON KEYES

SINFUL: Are you currently promoting anything? Any big scenes coming up?
LONDON KEYES: I currently took a break the past year from shooting, but was still active feature dancing and hosting events. I recently just shot 3 scenes for Brazzers, Hard X and Blacked.com.

SINFUL: What are some of the big films you've been in that you're most proud of?
LONDON KEYES: I have always enjoyed all my anal scenes; one of my favorite directors to shoot for is Jonni Darkko for Evil angel. I am very proud of all the scenes I have shot for Evil Angel, especially my feature DVD L for London.

SINFUL: What's the most SINFUL thing you've ever done in your private life, sexually speaking?
LONDON KEYES: I have always had a very high sex drive and find myself very adventurous. In my personal life I have been DP'd which may be the most "sinful" sexual act.

SINFUL: Tell me who the real (London Keyes) is, the person you are off set.
LONDON KEYES: Off camera I love to travel, read, hike and spend time with family and close friends. I am currently in school, so I like to balance work and play as much as possible. I love animals and have three dogs of my own, so they take up a lot of my time. I enjoy being near water, so I love going to the beach or taking tropical vacations. I'm also a big foodie so I love discovering hidden gems.

SINFUL: Before doing porn did you cam or do anything adult-related?
LONDON KEYES: Before porn I was a stripper in Seattle and worked at multiple bikini coffee stands.

SINFUL: When did you realize that porn was something you wanted to do and why was porn something you wanted to do?
LONDON KEYES: I kinda fell into porn more or less. I'm very impulsive so when it was suggested to me I thought why not. Packed my bags and flew out to California the next day. It just so happened to be something I enjoyed and was very successful at.

In my personal life I have been DP'd

RATED SINFUL BABE

I think my sexual specialty is anal and blow jobs. Mostly because I enjoy giving blow jobs and receiving anal.

SINFUL: What were your goals when you first started and have you been able to check anything off so far?
LONDON KEYES: My main goal was to create a savings for myself and luckily I was smart about my spending, so I did so. I also wanted to travel, and the industry made that possible, which I am very grateful for.

SINFUL: Did you have anal before coming into porn and was it a good or bad experiences?
LONDON KEYES: My experience with anal was barely even an experience. [LAUGHS] A drunken, “why not try this kind of thing?” Definitely wasn’t something I enjoyed at the time because of the lack of knowledge about the whole situation. Now it is probably my favorite thing to do.

SINFUL: What makes a guy a good fuck?
LONDON KEYES: I enjoy a partner that isn’t afraid to enjoy themselves, loves to experiment and is very attentive.

SINFUL: What makes a girl a good fuck?
LONDON KEYES: For me it has to do with if a woman is really into women. If not it ruins the whole experience for me.

SINFUL: How does a male/female performer get on your yes/no list?
LONDON KEYES: Hygiene is very important to me; if they aren’t clean I most likely will not work with them again. Besides that, someone who is overly aggressive, not in a sexual manner but in dominating the scene. Or doesn’t listen to direction.

SINFUL: What’s your sexual specialty?
LONDON KEYES: I think my sexual specialty is anal and blow jobs. Mostly because I enjoy giving blow jobs and receiving anal. When you like something it makes it easier to master it.

Photos: courtesy of Evil Angel

LONDON KEYES

SINFUL: How often do you have sex outside of porn?
LONDON KEYES: Outside of porn I don't have sex very often. I definitely am more picky because it is hard to find someone that would be able to match any sexual experience, like that of the performers in the industry. Also, I get nervous in case of contracting any STD's.

SINFUL: Do you watch porn and what kind of porn are you into?
LONDON KEYES: In my personal life I do not watch porn. Not because I don't like it but because it kinda ruins the whole fantasy when you have worked in the industry.

SINFUL: Do you have any fetishes?
LONDON KEYES: I don't think I particularly have any fetishes, I like everything and enjoy having fun. So, my main turn on is my partners fetishes and sexual acts.

SINFUL: What's the ultimate adult industry award you want to win and why?
LONDON KEYES: I would like to win an award for an anal scene. I am definitely proud of those scenes out of all of mine so to be acknowledged for that would be amazing.

SINFUL: If you had any negative experiences in the industry, how did you learn from it?
LONDON KEYES: I never had any negative experiences really because I luckily was with a great agent and was smart about who I worked for or with.

SINFUL: What's your ultimate sexual fantasy?
LONDON KEYES: My ultimate sexual fantasy would probably have to be to have a gangbang in my personal life. I love getting attention so to have a raw experience like that would definitely be on my bucket list.

Anna Claire Clouds

SINFUL: Can you describe your very first-time camming? Were you nervous or excited?

Anna Claire Clouds: My first time camming, I was excited, anxious, nervous, and all the other things that make you not think straight. After a few minutes of being online with no tips or conversation, I finally said, " Wow, I'm anxious. This is my first time doing this you guys." Then everyone was so supportive, sending whatever tips they could, asking questions to keep the chat rolling, and anything else they could do to keep the show exciting. It was amazing to see the difference showing my true self made.

SINFUL: Were you shy before you started camming? Did camming help you get out of your shell and are you more confident and comfortable with your body as a result of camming?

Anna Claire Clouds: I have never been really shy. I'm not the best at starting the conversation, but never one to shy away from one.

SINFUL: Does anyone (family, friends) know you cam? How do they feel about it, or do you keep camming private?

Anna Claire Clouds: Most of the people that know me know what I do, and I prefer it that way. I like having people in my life that can accept all of me, not just a few parts. Everyone in my life is very supportive and not judgmental in the slightest. Having a support system that is so open and accepting is an amazing gift.

SINFUL: Is it good money? How can you make a good living or at least make a good supplemental income from camming?

Anna Claire Clouds: Camming is good money, but you have to take the time to do it. It's not something you can just log on, look pretty, and say nothing until people tip you to get you naked. You have to be comfortable with being 100 percent yourself to complete strangers, not just masturbate in front of them. Like anything else, if you work at it, you will do well. I don't recommend letting camming (or any other adult work) be your only source of income. Diversify your income so you don't have to always rely on the tippers!

CAM STARS

“You have to be comfortable with being 100 percent yourself to complete strangers, not just masturbate in front of them.

SINFUL: In your opinion, what does it take to become a successful cam girl? How can a girl develop a large following, a high ranking on a cam site, make good money, etc.?

Anna Claire Clouds: Just be yourself! People watch cams to see performers masturbate, yes, but then when you're done they leave, and what happens after? No more tips, that's for sure. You have to be able to put on a show, even when you're not being sexy! Show your cam room the parts of you that made your friends and family fall in love with you and you WILL be successful.

SINFUL: What do you have that makes you standout, unique from other cam girls?

Anna Claire Clouds: I think what I have is comfort-ability. I'm someone that reminds them of a "girl that they once knew". Someone familiar, sweet, and more than happy to talk to them. A lot of people come into my room looking for lovely conversation and the occasional titty, so that's exactly what I give them.

SINFUL: What is the best and worst thing about camming?

Anna Claire Clouds: The best thing about camming is the ability to show fans a side of you other social media platforms don't. It allows you a safe environment to chat and have adult fun with your fans, while giving them a better look at what it's like to hang out with you. The worst thing about camming is the dead periods, when you spend a lot of time talking to yourself.

SINFUL: What makes a good cam room follower?
Anna Claire Clouds: Being a good cam room follower is easy! Attend when you can, tip when you can, and talk while you are there! We understand you have a life, bills, and responsibilities, so doing these things when you can is extremely appreciated by the performer. And never think you've tipped enough over time, so you aren't required to tip anymore. These are not subscription-based shows, these are live shows with new goals every show.

SINFUL: Is this statement true: "Cam girls are the new porn stars." Why or why not is this statement true?
Anna Claire Clouds: I think when people say that, they mean "Watching a cam show can make me cum like porn", which I agree with, because cam shows are live pornos! But, not every cam girl is a porn star. Just like not every adult performer is a porn star. In my eyes, you have to build your brand until you are a well-known performer, and then you earn the title porn star. Cam girls, adult performers, and independent clip artist can earn the title "Porn Star" if they work hard enough.

SINFUL: What are your long-term goals with camming?
Anna Claire Clouds: I'd like to continue to use camming as a platform to get to know my fans better for the duration of my adult performer career.

Hard at Work

Britney Amber is definitely hard at work as she lays across that table and takes that big cock in her mouth.
